

“Democrats in San Bernardino County are as concerned with our beaches and coastline as we are with our mountains and deserts. Our natural resources are the property of all Californians no matter where we live, and it’s our duty to protect them for future generations just as was done for us. Dr. Charles Lester is a guardian of that ideal and the San Bernardino County Democratic Party stands united in opposing his removal.”

*Statement of Chris Robles, Chair of the San Bernardino County Democratic Party on the unanimous passage of our resolution supporting Coastal Commission Director Dr. Charles Lester*
